

# BADGE BOARD

Centralize your participants' dosimeters

LANDAUER® thinks outside the badge and offers tools to help you in the daily management of your dosimetry.

M board  
10 transparent cases  
H 67 cm x l 18 cm\*

XS board  
from 1 to 5 dosimeters  
H 18 cm x l 20 cm\*

## STORAGE RACK TO COLLECT, STORE AND DISTRIBUTE DOSIMETERS

### ■ A tool to manage your dosimeters

Boards bring an easy way to distribute your dosimeters and a reminder for participants of the need to exchange their exposed badges with a «returned dosimeter» shelf.

### ■ A way of creating a dosimeter exchange point

A place to put the control dosimeter, shelves to leave the participants badges when they are not being worn: less loss, less risk of non returned dosimeters.

### ■ The possibility to create a radiation protection centre in each department

Central location for information sheets, messages, notices...

L board  
75 dosimeters  
H 60.5 cm x l 70.2 cm\*

### Area dosimeter holder

- An easy grip for your area dosimeter
- A fixation with tape
- A customisable sticker
